
About Count Me In TT

Count Me In TT is Trinidad and Tobago's fastest-growing math game challenge designed to make multiplication fun, competitive, and rewarding for all students across the world. Created with both education and excitement in mind, the game tests players to complete a full multiplication grid as quickly and accurately as possible.

Whether you're a primary school student, a teen in secondary school, or someone out of school looking for a brain boost—**Count Me In TT** is open to everyone!

How It Works

- **Complete the Grid:** Fill in the 12×12 multiplication table.
 - **Beat the Clock:** The faster you finish, the higher your rank.
 - **Join the Leaderboard:** The top 3 fastest players in each category—Primary, Secondary, and Open—are displayed publicly.
 - **Win Prizes:** Thanks to our amazing sponsors, monthly prizes are awarded to top scorers!
-

Why It Matters

Mathematics is a foundation for academic and life success. Many students struggle with speed and accuracy under exam pressure. **Count Me In TT** helps:

- Improve times tables fluency
 - Build confidence and motivation
 - Make math social, fun, and goal-oriented
-

Who Made This?

Andre Burton, an experienced mathematics tutor and founder of **A's Online Tutoring Services**, developed *Count Me In TT* to help students conquer their fear of math in a fun and modern way. With over 7,500 tutoring hours and a deep love for education, Andre is passionate about seeing every child succeed.

Sponsorship & Media Inquiries

We're always open to partnerships with schools, educators, businesses, and sponsors. If you'd like to feature *Count Me In TT* at your event, or support our monthly rewards, please get in touch.
